

# COVID-19 CORONAVIRUS

**Royal Emergency Disaster Recovery Inc.** Reliable Expert Services are Cleaning technicians expertly trained in all biohazard remediation procedures to provide our clients with a superior Biohazard Remediation Services.

The COVID-19 virus has brought many people into unknown territory and just like other viruses there is a lot to learn from it. We understand circumstances are tough right now, and we are committed to providing quick on-demand services to those in need helping everyone get through this challenging period.

Having technology and well-trained restoration services companies on hand that can be rapidly deployed in response to emergencies preemptive service is invaluable". What are some specific smart choice services we need? (i.e. disinfecting a school where a child is tested positive for the virus, disinfecting school locker rooms ahead of any confirmed cases, etc.) and routine cleaning and disinfecting protocol.

Anywhere people congregate. Such as schools, senior living facilities, daycare centers, hotels, medical facilities, office buildings, government facilities, churches etc. Let us be proactive and keep both the air and surfaces as clean as possible until this coronavirus is no longer an issue.

To speak to one of our bio-recovery technicians regarding your Biological Contamination remediation needs, or to get any additional information on any of our services, contact **973 489-6143**. Our technicians are available 24/7 to assist in these trying times so you can get back to the things that matter.
